

OOST NETWORK USER

I want to find programs, activities, events, lessons, enrichment opportunities, or childcare for one or more school-aged children in Manchester.

What is the OOST Network?

The OOST Network is an online, searchable directory of Out-of-School-Time opportunities available to school-aged children and youth in Manchester. It is accessible by computer, phone, or mobile device.

Is the OOST Network for Me?

Are all the following statements true for you?

- Are you looking for programs, activities, events, enrichment opportunities, or childcare for one or more school-aged children?
- Do the opportunities you are seeking fall into one of the following categories: academic support or enrichment, STEM enrichment, sports/recreation, arts & culture, positive youth development, health & wellness, college & career readiness, childcare, faith-based, or family events?
- Do these opportunities take place before school, after school, weekends, evenings, school breaks, summer, or any time school is not in session?

If the answer is yes, then you are seeking Out-of-School Time opportunities and the OOST Network is for you!

Why join the OOST Network?

The OOST Network is the only centralized database of Out-of-School-Time opportunities and the quickest, most efficient way for local families to find a programs and events for their school-aged children. Find the programming that best fits your needs with just a few clicks or swipes; simply search or sort by schedule, participant grade level/age, area of interest, and more. The OOST Network is 100% free to both service providers and users. You can't afford not to join!

How to join the OOST Network?

It's easy. All you need is an email address. Using your computer, phone, or tablet, simply register online at www.OOSTnet.com. Then, start searching for the programs that best suit the needs of your family. That's all there is to it!

Visit Manchester's OOST Network online at www.OOSTnet.com. The OOST Network is a web-based SAAS product created by Sentirene. Sentirene is a local technology company located at Axis901—Manchester's Coworking Space. Manchester's OOST Network is an online community service provided through the Town of Manchester and Manchester Public Schools.
